

Create Your Own Eden Workshops

No Dig Vegies!

Your neighbours will be 'green with envy' when they see your new plot. No need to break your back as we will show you how to grow vegetables in raised beds in a square metre! You only need a small piece of patio or lawn to create a backyard Eden, have fun growing food whilst saving oodles of money on those grocery bills. *Saturday 18th September 10am. Cost: \$10 per person*

Dish the Dirt!

Take a look at a various composting systems, I guarantee there is something to suit everyone! With bin style, worm farms and Bokashi at your fingertips, there is no excuse for not giving it a go! Come and join us for a fun afternoon gaining more practical skills than you can shake a stick at! *Saturday 18th September 12 noon Cost \$10 per person*

See how it Grows!

Come on a tiki tour of Invercargill and see the systems in action! Join the convoy and see the results of growing your own vegies and designing your own composting systems. Meet the people who made it happen and gain some valuable knowledge for your permaculture patch or square meter strip. Inspiration and real life stories offer a practical, realistic view on what may work for you. *Saturday 9th October from 10am Cost \$10 per carload –maximum 4 people*
