

Create Your Own Eden Workshops

Compost Goes Technical

Take a look at a Closed loop composting system. Using a garage door, this system creates healthy compost within a few weeks.

Saturday 29 August 10am.

Scraps To Soil

Take your kitchen peelings and turn them into good soil for the garden. The workshop includes information about worm farms and composting. Learn how to build your own compost bin and to get it started to create your own rich soil.

Saturday 5 September 10am

Paddock to Plot

Too much lawn to Mow? Turn some of it into a vege garden without breaking your back. This will be a hands-on workshop creating a raised garden bed from existing lawn. Come and learn how you can create a backyard Eden for growing food to cut down the grocery bill.

Saturday 12 September 10am

Plant Mates

Just like people, plants respond well to good neighbours. Find out which plants make good companions and which are best planted apart.

Saturday 19 September 10am.

Further information will be supplied on enrolment.

*All Create Your Own Eden Workshops
are \$10 per person –or \$30 for the series of 4.*
